Vinnytsia National Technical University (VNTU) cooperates with the company "Maitek" from 2004 .

The structure of VNTU includes 8 educational and scientific faculties and 7 integrated institutions for educational process. On stationary Department of University are trained six thousand students, on part time - 1500, in postgraduate study and doctoral studies - 100, at preparatory faculty - 1000. Teaching and research activities at the University are carrying out 47 departments, 26 of which have branches in enterprises of Vinnytsia region.

VNTU prepares specialists with higher education level master's and Ph.d. in technical sciences for 69 countries in Africa, Asia, South and Central America.

"Maitek" provides a place for work and production practices to students and graduates of our University.

Vitaly Storozhuk was repeatedly invited as head of the State examination Commission for the protection of the diploma projects at the University.

In cooperation with the company "Maitek" our specialists of the Department of automation and information-measuring devices and automated control systems produce the development and testing of control systems and new types of measuring instruments.

Vice Rector on Scientific Works,
Dr. Sc.(Eng.), Prof

Sergey V. Pavlov
